This is comprised of the number of Guided Learning Hours assigned to the qualification, and an estimate of the number of hours a candidate will reasonably be likely to spend in preparation, self-study, research and other independent and unguided learning activities. 4. Qualification Dates

Operational End Date: 31/12/2025

Certification End Date: 31/12/2027

Candidate registrations may not be accepted by ASDAN after the operational end date for a specific qualification if an extension is not obtained from the regulators. However, certification is allowed until the certification end date so that candidates have time to complete any programme of study. At least six months before the operational end date for a qualification, ASDAN will undertake a review of the qualification. This will be done in collaboration with stakeholders in order to take account of any changes necessary to continue to meet their needs. Once this review process is complete, ASDAN will consider the most appropriate course of action, which might include applying to the regulators for an extension to the regulation period, revising or creating a new qualification or withdrawing the qualification. Information relating to changes or extensions to qualifications will be posted on the ASDAN website www.asdan.org.uk.

5. Objective of the qualification

The ASDAN Level 2 Certificate in Personal and Social Development embraces personal, social, health, citizenship and ICT, and enables candidates to develop skills that prepare them for independence and working life. It offers imaginative ways of supporting young people in becoming confident individuals who are physically, emotionally and socially healthy, being responsible citizens who make a positive contribution to society and embrace change, managing risk together with their own wellbeing, as well as introducing them to new activities and personal challenges.

The qualifications are available for learners pre and post-16 and can be taught in schools, colleges, residential centres, training providers, PRUs, secure units and other local authority and independent provision.

6. Staffing requirements

This section is provided to give some guidance on the experience and qualifications needed to deliver and assess these qualifications; it is not however intended to be exhaustive or definitive. Examples of relevant qualifications and occupational backgrounds are given as benchmarks. Other equivalent qualifications or backgrounds may also qualify prospective staff for delivery or assessment roles

Centres must ensure that they have sufficient numbers of suitably experienced Assessors and Internal Moderators to ensure that qualifications are delivered effectively, and that appropriate judgements are made as to whether evidence being presented is valid, sufficient and reliable.

ASDAN cannot be held responsible for any difficulties that arise in the delivery or assessment process as a result of internal recruitment decisions. Recruitment should be made at the discretion of centres, and centres should be aware that it is their responsibility to ensure that all staff involved in the delivery and assessment of ASDAN qualifications are suitably qualified.

Examples of relevant qualifications: Assessor/Internal Verifier awards

Examples of work experience: Demonstrable experience of knowledge of the subject area.

The ASDAN **Centre Guidance** (Section 2.2, Roles and Responsibilities) outlines the range of functions necessary for candidate achievement, and the expectations for suitable qualifications/experience.

ASDAN Level 2 Certificate in Personal & Social Development

the full qualification. Candidates normally complete all units at the same level; however there is the flexibility to choose units from the level above or below the qualification outcome, if appropriate. For a full Certificate qualification, the candidate must achieve a minimum of 7 credits at the level of the qualification outcome.

Credit transfer

Candidates who have achieved any of the PSD units in the context of another qualification can transfer the credit already achieved, provided the unit was achieved within 3 years of the PSD external moderation date. A Centre Claim form and guidance are provided on the website in order to manage credit claims.

Equivalent units are units within other qualifications that have been judged to be similar enough in content to be counted instead of certain units within the qualification.

Exemptions are generally non-credit based units that can allow a candidate to be exempt from certain identified units. Where such opportunities exist, these are noted in the specifications for the unit.

Some of the units have equivalent units or exemptions identified against them. A Centre Claim form and guidance are provided on the website in order to manage credit claims and exemptions.

Evidence to fully meet the PSD standards is generated by completing activities to demonstrate skills, knowledge and understanding relevant to the units the candidate is working towards (approximately 130 hours of work).

Optional **student books** and **controlled challenges** for Level 1 and Level 2 are available for centres to download from the members area of the ASDAN website. These have been written to assist the candidate in meeting the unit assessment criteria. However all of the challenges are optional and other opportunities are available for evidencing the assessment criteria using other curriculum materials, resources and learning experiences.

Candidates who do not achieve the full qualification requirements will receive certification for those units which they have successfully completed.

The mandatory **Standards with Guidance** document, which is provided to support centres in the delivery and assessment of the qualification, provides additional guidance on the appropriate type, quality and quantity of evidence required in order for learners to show they have met the required standard.

The mandatory **Centre Guidance** contains all the information centres need in order to successfully deliver, assess and internally moderate the qualification and submit learners for certification.

9. Prior achievement and recognition of prior learning

There are no specific recommended prior learning requirements for this qualification. This qualification has been developed for candidates aged 14-16 in schools and colleges, but is also accessible to candidates post-16. Centres are responsible for ensuring that this qualification is appropriate for the age and ability of their candidates.

Recognition of Prior Learning (RPL)

RPL is where a candidate has achieved something relevant to the qualification without formal recognition such as a certificate. ASDAN has a policy on RPL which allows all claims to be considered on an individual basis.

10. Progression Opportunities

ASDAN Award and Certificate of Personal Effectiveness Level 3

ASDAN Wider Key Skills Level 3

11. Assessment and moderation

Candidates complete a **portfolio of evidence**, generated from appropriate activities, which is internally assessed by centre assessors against the unit assessment criteria. Assessors need to ensure that there is explicit evidence in the portfolio to show that the candidate has met the required standard.

There is a mandatory **Assessment Checklist** provided for each unit (see example below). These can be downloaded from the ASDAN website and must be completed by the assessor when the candidate completes each unit. Each Assessment Checklist must be signed by the candidate, assessor and internal moderator to authenticate the work, and added to each candidate's portfolio of evidence.

Internal moderation is undertaken by the centre, following their own sampling strategy. The internal moderator provides the vital link between the assessors and the external moderator, and acts as the centre's quality assurance representative.

External moderation is carried out by ASDAN's External Moderators who look at the quality and compare the standards of a sample of candidates' work to ensure that national standards are being met, monitor assessment practice and, where problems are identified, take action to ensure that assessment conforms to national standards.
