Email:

2. Details of the learners applying

Learner Name	Learner Number	Date of EPQ Series

3. Details to support the application for a post results review – please provide supporting information

A: The centre considers that ASDAN has not applied its procedures consistently and properly in arriving at judgements or applied procedures which are consistent with regulatory requirements.

Please list the specific details of which procedure has not been properly applied, that is being provided to support the application for a post results review.

B: The centre considers that ASDAN has made a marking, moderation or clerical error.

ASDAN Post Results Review Request Form

(For Project Qualifications Only)

Please list specific information and evidence that is being provided to support the application for a post results review. Use learner evidence and the EPQ mark scheme (where relevant) to demonstrate where you believe the marking, moderation or clerical error(s) has been made:

C: ASDAN has not considered requests for access or special considerations appropriately.

Please list specific information and evidence that is being provided to support the application for a post results review, using the details provided to ASDAN prior to the EPQ submission on reasonable adjustments/requests for access/special consideration.

D: ASDAN has applied Malpractice/Maladministration sanctions incorrectly.

Please list the specific information and evidence that is being provided to support the application for a post results review, providing details on how the sanctions applied to the centre disadvantaged the learner and evidence to support that a different outcome should have been reached.

Please ensure that this form is submitted with a Learner Consent Form.

Complete this form with supporting evidence and send it to: quality@asdan.org.uk
