Statement

ASDAN recognises the importance of language diversity and cultural inclusivity. As an organisation committed to providing educational opportunities, we aim to accommodate the linguistic needs of our learners where possible.

ASDAN does not currently offer any of its regulated qualifications through the medium of Welsh.

Whilst we recognise the importance of Welsh-medium education, this position is based on the following factors:

- current market demand, which varies across different regions and sectors; and
- the resources required to ensure consistent qualification development, resource production, and quality assurance in the medium of Welsh.

ASDAN will review this policy at least annually to evaluate the changing needs and demands of its learners.

We welcome feedback and input from all stakeholders, including Welsh-medium and bilingual ASDAN members/centres, as we strive to continuously improve our offer.
