Qualification centre approval visit

The regulatory Conditions of Recognition require an awarding organisation to ensure that centres delivering qualifications:

- have adequate systems and physical and human resources in place to support the delivery and assessment of its qualifications
- fully understand the requirements of its qualification specifications, and the processes and procedures which support its quality assurance activities
- ensure that the interests of candidates are always protected

New and existing members applying to deliver ASDAN qualifications will require an approval visit which is chargeable to the centre. The centre approval visit fee is £370.

A cancellation fee of £370 may be incurred if an approval visit is cancelled less than seven calendar days prior to the agreed approval visit date.

Qualification quality assurance reviews

All awarding organisations are required to monitor members delivering qualifications to ensure that the systems, policies and procedures in place meet requirements for continuing compliance.

There is no charge for a quality assurance (QA) review, however a fee of for a QA review will become chargeable if cancelled less than seven calendar days prior to the confirmed date.

Centres will be charged an QA fee in the case of any malpractice and maladministration investigation and this may include travel costs.

ASDAN Pricing and Fees

Programmes, programmes plus and customised approval

Programmes, programmes plus and customised members are subject to an approval process to ensure organisations have appropriate policies, procedures and resources in place to deliver ASDAN courses effectively and safely. Centres seeking to purchase a membership will be asked to provide policies or other documentation. There is no additional cost to the customised accreditation fees quoted in this document.

Administration fees

These fees are applicable to all ASDAN members and are chargeable in the event of amendments made after the deadline, or in the case of non-attendance of training/standardisation sessions or other ASDAN events.

Training

Workshops

ASDAN offers a wide range of staff development and training opportunities throughout the year. Training offers an accessible introduction to ASDAN's programmes and qualifications, providing the requisite information to effectively deliver ASDAN courses.

Training is mandatory for ASDAN qualifications (CoPE, AoPE, Personal Progress, PSE, Employability, EPQ and PSD) and is highly recommended for running or planning to run any ASDAN programmes. Training workshops and webinars introduce the processes involved, offer guidance on delivery and moderation and explain how to maximise the benefits of each course. We recommend that both the centre's internal moderator/exams officer and course assessor attend training.

UK webinar costs:

- £235 per delegate

INSET training

Arranging an in-house training (INSET) day is an alternative way of ensuring your staff are equipped to deliver your chosen ASDAN course/s. It can also encourage team building and help develop a shared approach to implementing and delivering ASDAN courses.

	INSET		
	In person	Online (half day)	Online (full day)
20 or less delegates	£1,365	£790	£1,050
21 or more delegates	£1,890	£840	£1,155

The length of time needed for training varies according to your requirements and will be agreed with the trainer prior to confirming a booking.

INSET training packs:

- Standard: £17
- Advanced: £26

UK webinar: Internal Quality Assurance (IQA) for ASDAN qualifications

Internal Quality Assurance (IQA) for ASDAN qualifications webinars aim to develop awareness and understanding of IQA practice. The training will support you to develop robust IQA practice at your centre, maintain high standards of submission and increase the chances of successful moderation.

- £85 per delegate

UK webinar: Assessment for ASDAN Qualifications (AAQ)

Assessment for ASDAN qualifications webinars aim to develop awareness and understanding of good assessment practice for portfolio-based qualifications. The training will support you to develop robust assessment practice at your centre, understand the function of the specification plus standards with guidance, achieve and maintain high standards of submission and increase the chances of successful external quality assurance. Please note that this is not an assessor qualification – it is CPD for assessors delivering ASDAN qualifications.

- £85 per delegate

ASDAN Pricing and Fees
